Stanislav Fiala A Czech architect who holds his profession in the arts sphere, far beyond the mere performance of the building. This is also the case of the Rocksor handle ... inspired by a steel bar using as a concrete reinforcement, which he sensitively incorporated into the reconstructed exceptional palaces of DRN and Spork in Prague. The Rocksor handle is an example of the using of the well-known material used in the handle design, in various shapes and design variants, used in many different projects. Industry Squelette ... Roman Ulich M&T designer standing behind iconic handle models M&T for example the first square handle Entero, the first handle without rosette Minimal/Maximal which won an international Red dot design award. Now with a new growth ... handle Industry Squelette inspired by industrial architecture of old bridge structures. For handle making we use an old handheld technology, which give high-strength, unbelievable lightness and, at the same time, allows you to uncover the handle inside, including the mechanics for the spindle. 53 items of modern window grill design products were found here and their prices may vary depending on the profiles, hardware, designs and specifications required.
